참	hearthstone_1st_patch	about kurtrus bug interaction in standard if you play kurtrus hero after playing the kurtrus quest you get double reduction from card draw forum bug report post kurtrus hero doubles quest reward	Abc
		activating the effect as opposed to being an effect this is not an uncommon type of bug in digital card games lord knows hearthstone had bunch early on or it might be some oddly specific interaction that has to do with how the game treats activation without cost vs resolve	Abc
		ah that is hearthstone interaction if have not seen one was the weapon destroyed after that play or was it bugged out	Abc
		am sounding like broken record but really believe this is bigger deal than it is being made out to be it is more than just tech bugs happen if bugs happen fine make it right	Abc
		another day another bug want to use portrait of captain valeera and see that do not have it ok	Abc
		any new annoying bugs and performance decreases kudos on fixing the bug btw	Abc
		anyone having duel bug problems	Abc
		apparently am great at summoning an adventurer with the random effect of not existing as much as identify with this adventurer it does seem like bug	Abc
		as long as we are asking for fixes there is bug where if you gain rating while losing and you can early on and cross rating threshold to get seasonal reward chest you do not actually get the reward but the game thinks you did already green checkmark	Abc
		biggest minion seems buggy in bg stats page my previous was listed as but just finished game with tarec post nerf btw that was and it did not update cc	Abc
		blizzard games in general from the last few years have been dwindling and not just from the lawsuit hearthstone having an identity crisis wow is disaster after the last expansion the diablo remake was and still is buggy like theyve been tanking quite bit	Abc
		broken bug if scabbs hp is buffed by mysterybox hp triggers an extra time and shadow warden it will make your hero golden	Abc
		bug used iron bark on the giving it taunt then played mark the shell on it to get copy in hand played the copy but no taunt	Abc
		bug with drakonid enforcer in bgs after this weeks fix showing on board as with the buff colour and the not hover over and you see it thinks it is still and not but with the from pleasant not just gold cc	Abc
		completely agree and hope this is not whiney but it bugs me even more to see the hearthstone staff reward content creators who have attacked hearthstone staff forgiveness it is how do people make the same mistake multiple times you always have great takes luna	Abc
		deviam est concertando os bugs de hearthstone no monitorando clima	Abc
		did you all fix the rustwix phylactery vectus bug yet	Abc
		do not think it is fair for me to spend money to have my complete card collection while some players take advantage of bug to increase their collections benefiting from using cards in their deck think it is fair for blizzard to discount those who used arcane dust	Abc
		do you not allow support tickets anymore tried for days to resolve bug cannot submit the ticket	Abc
		does anyone know what causes this bug it is really frustrating because only restarting the game fixes it and guess what we have free defeat	Abc
		drekthars shaman treasure spell counts as battlecry duels is the only game mode in hearthstone that liked and just cant play it any more because its always riddled with bugs like this	Abc
		duels is still bugged every time we hit resume it still freezes the game please fix this it is happening on mobile and pc	Abc
		fart heavycoin gross bug office is younger fart work from home hearthstone dogecoin old school keto diet dog poo butt ponz dog poo the constipated poghorn azure kinney brazil penis butt fever irritable bowel syndrome blockchain was kings cross farts content marketing	Abc
		hearthstone duels not working or unable to resume game bug acknowledged fix to arrive with patch workaround inside	Abc
		hearthstone has lot of bugs works slow lags on pcs and androids is this something you want to improve in the future	Abc
		hey any chance we get morgl interactions fixed really like this hero and having few emotes bugged is annoying	Abc
		hey possible bug after moved to stage of aranna the buddy counter appeard to reset was fine when next round refreshed love the new strategies am discovering with buddies	Abc
		hi just reach with elemental shaman and my duels achievements are still locked had wins last year but continue with wins nowadays according to do you know if it is bugged thanks	Abc
		how about fixing the which is broken have given you guys so much money just finished with vanndar after trying for some hours and it is simply bugged it registered until wins and this just does not work you will not see single penny anymore disgusting	Abc
		how about the rustwix bug nothing yet	Abc
		how can report bug in card	Abc
		if want to report bug following the latest hearthstone patch what is the best way to do so thank you	Abc
		if wanted us to play duels so badly they would fix this bug yes tried the mobile fix and no it did not work	Abc
		if you are wondering why hearthstone is buggy	Abc
		if you click hold and hold or hover at mysterious stranger options you can already just recently figured this out unless you have some unique bug	Abc
		interesting new bug	Abc

참	hearthstone_1st_patch	is support not available it does not allow me to submit ticket and need my current duels run force ended as it is bugged and freezes up the game	Abc
		is the duels win counter bugged for anyone else still am not getting win achievements and all that It	Abc
		is there going to be compensation for multiple of the achievements being bugged halfway through the expansion cycle are they going to be fixed or do we get to permanently miss the xp from the immovable object achievement line alone	Abc
		is this bug	Abc
		it is bug and they are addressing	Abc
		its so frustrating that you ban players by bug but you cannot make report status after years youre making only piss more players day by day do they ever listen to their community on forums lol because what they have done lately is poor and they show only mediocrity	Abc
		kurtrus minions did not gain attack when attacked into divine shield and then transformed into the hero stayed at not cost me the game is this bug	Abc
		looks like honor quest chain has bugged out suddenly happened to me on asia got shiny golden card but no follow up quest while fixing this can we get full dust refunds for drek again lots of packs opened for new year	Abc
		merceneries training grounds is bugged cannot remove my merc cannot replace it but can still do bounties with the merc that is also in the training grounds	Abc
		mihoyo is not taking free rolls instead they are giving extras to everyone that did not get bug like wtf please takes notes	Abc
		monthly card backs should be working fine if they don would love to know we have bug in for those that are like hero skins not persisting as favourites past logout two separate systems of ownership	Abc
		my account is bugged and will not allow me to start new duels run help	Abc
		my dust vanish because of that bug and the support said that nothing can be done awesome game	Abc
		my point was that someone coded an animation which depending on your language essentially articulated significant award of in game dust to the player the animation was clear and distinct that is not bug but then blizzard acts like the whole thing was an accident	Abc
		my wins by class feb added wins mostly in druid and hunter warrior wins went down because of counting bug or change my duels wins as diablo counted as warrior but now don getting close to hunter portrait	Abc
		name better duo will wait hearthstone bugs	Abc
		new day new bug thank you	Abc
		no achievement fixes still have multiple bugged achievements that you cannot obtain halfway through the expansion	Abc
		no answers in the forums no email available to report the bug expected better	Abc
		no this is bug	Abc
		okay so in object oriented programming you code like separate objects like buttons and ui stuff and you call back to them when you want them to appear so when said they coded it just for this bugged refund it confused me lol	Abc
		our bug report forums thanks	Abc
		patch is launching later today the update mostly contains battlegrounds balance changes nerfs or buffs to over buddies as well as some duels changes and general bug fixes read more	Abc
		patch is live today balance changes to battlegrounds and duels as well as number of bug fixes are here	Abc
		patch is live today balance changes to hearthstone battlegrounds and duels as well as number of bug fixes are here	Abc
		patch is now out on pc mobile release should follow within the next few hours constructed balance changes buddies in battlegrounds mercenaries and duels update bug fixes and more check out full patch notes here	Abc
		patch is releasing on february it will include onyxia lair mini set diamond vanndar new heroes and cosmetics for battlegrounds mercenaries update and event small duels update arena rotation bug fixes full patch notes here	Abc
		possible bug the new dancing lion cardback always unequips when leave hearthstone even if make it favourite it becomes the classic cardback if leave and reenter hearthstone	Abc
		quite few bug fixes today but the immovable object remainsunmoved we are seeing hearthstone history here folks	Abc
		ramp druid and game bugs alterac valley	Abc
		reported this on the bug forums but it was not fixed in the latest patch there is currently bug with duo queue in bg where the play button will just say waiting and be grayed even if you are both connected and ready any news on fix	Abc
		reporting graphics bugs when bear grylls drinks urine catching devs plagiarizing from wikipedia discovering missing instruction set for one wow player with weird ass processor pushing for higher min spec for hearthstone to support the app	Abc
		retweet so do not know if this is bug or intentional and forgot to adjust the store text but some offers that actually expired days ago are still available in the store the following offers are among them	Abc
		so this is happening now last week it was the bug on the first game after open hearthstone and now the screen just freezes when try to queue fcking game do not know what to do anymore does someone have some an explanation to this	Abc
		sorry not sure the example that was specifically bugged is also an example of warrior being down by wins the expectation is that the fix will make all classes line up if any others are off too though	Abc
		thanks for the info have not heard of this bug yet	Abc

참	hearthstone_1st_patch	the in game economy needs help and the client has some bugs beyond those minor annoyances it is like magic version of hearthstone quick polished and approachable	Abc
		the portrait straight up gone due to bug	Abc
		the question that will help you get to the bottom of it why has not tweet out the official forum post on the bugs when it was made if that is not an appropriate use of the account then that is part of the official communication channel problem	Abc
		there is bug that am not sure is aware of the decks that you upload sometimes get rearranged also the portrait you choose sometimes gets changed numbered these decks top to bottom you can see the got rearranged also chose the rag skin for no	Abc
		there is bugged interaction between envoy rustwix and tamsin phylactery thread	Abc
		think have found potential bug in mercenaries every time try to upgrade the final ability on the new mercs past level it does not level and it takes the coins away with upgrading past level have lost fair amount due to this bug	Abc
		think my battlepass in is bugged reached level last night but am unable to get the reward has it says im not the right level	Abc
		think what you are describing will be fixed in the next patch listed towards the middle of the bug fixes improvements section	Abc
		to be honest do not know what is worse drinking the greasy water of boiled hot dogs or hearthstone mobile the app is incredibly bad and the wow companion too it bugs out and crashes for everything you swap apps and bam it is gone load again slow asf	Abc
		two very unusual bugs used tamsin phylactery and chose envoy rustwix on the divine shield murlocs from the paladin prime	Abc
		understand the while development team for hearthstone works very hard and does good job to get us the information on updates bug fixes etc but everything major patch happens the mobile community has to wait longer then their pc counterparts and if any issues come up then	Abc
		updates will be provided through the forums ticket is not necessary the game master team is not able to assist the hearthstone bug report forums kal	Abc
		want to ask question has anyone seen the bug of reno and his buddie not keeping the golden status of the right most minion after the fight battlegrounds hearthstone	Abc
		want to see some bugs here you go	Abc
		we are not alone from and since hearthstone crashes more than drunk nascar driver you are gonna end up with the game locking up on you fairly often have had the bug twice in two days because of ill timed crashes	Abc
		we still have the favorite card back bug do not we so blizz wants us to look at that gorgeous classic card back	Abc
		where is the mobile uptade you guys cannot even fix bug but at least launch it correctly	Abc
		wtf new bug hes done some weird bug his timer isnt ending or even working havent disconnected as been in discord the whole time im upset because demolished him	Abc
		yea this was about years ago whispers of the old gods came out in so its older mechanics sometimes interact differently with modern hearthstone systems hence why we had that blastenheimer cthun bug awhile back	Abc
		yep it has been bugged for while unfortunately devs are aware of it and are working for fix	Abc
		yup tavish buddy is bugged had my hero power fire many times with my buddy being in between two tarecgosa and did not get the buffs from that fix it please	Abc

참	hearthstone_2nd_patch	hey your quest to play three games with nozdormu the eternal is bugged games are not counting towards the quest	Abc
		hi there can you report it on the hearthstone bug report forum thanks jh	Abc
		hope they fixed rustwix bug	Abc
		if it is bug that rag and muklas hero powers interact please do not fix it it is super cool to have cross hero interactions on minimal level like this and would love to see more of it also slight brag about this mustard pretzel game	Abc
		immovable object bug squashed achievement done	Abc
		is it just me or is the win bounties thing bugged	Abc
		is the disconnect issue fixed or the achievement bug or are you going to delete this post again and reup it again some mighty fixes there indeed if did not knew better would say these bug fixes finally addresses all the problems the game is having right now	Abc
		is the drop from this masters tour bugged someway watched the tourny now for countless hours and have not received pack on my account still what is up with that	Abc
		is the nozdormu quest bugged today have played like dozen games and am still cc	Abc
		is this passive currently not granting it is nature damage bonus for other players too seems bugged	Abc
		is this second or two delay bug or feature in chatting in	Abc
		it is not bug it is feature it is to prepare us for the new mode turbo hearthstone but instead of us being the one moving around on duel runners engaging in turbo duels like in yu gi oh we are still stationary but the cards are moving around	Abc
		just did bite of winter in the chi ji event with mukla xuen krush beasts in my team but it did not count bugged or just another badly worded task	Abc
		know you must know about these bugs but are you doing anything to fix them its been like this for weeks and you have said nothing invisible achievements cards showing as new all the time tavern brawl not showing any text	Abc
		lich baz hial is bugged am still taking damage while my buddy is on the field from my ability and my weaver	Abc
		like this bug is so bad that when you choose the card herop power it soft locks your entire game and the only way to exit is by alt and then re launching your game and not choosing that hero power at all because its fucking broken as shit	Abc
		liked the event would have been more fun if did not need to do half the tasks multiple times because of bugs	Abc
		maybe some filled out bug report	Abc
		maybe you can pass the message that one of the new hero varden is bugged his hero power only freezes the right most minion in the tavern always but it should be random minion thanks	Abc
		might have found bug in hearthstone saidan the scarlet gets buffed in hand but reverts to previous buff for instance it doubles then undoubles banner gave then reverts to have to check if cariel does the same	Abc
		naturally these things angered devs immensely blizzard has not released new macos game since hearthstone came out existing macos versions are effectively on life support diablo barely and mean barely functional past wow so many bugs never fixable cont	Abc
		new bug in guess what the tavern brawl is cause we are not going to tell you	Abc
		new bug or we getting target markers in	Abc
		new one bug quest win in hearstone standard mode	Abc
		noticeable discrepancies between my overall honor achievement and quest progress on all servers part of this was bugs and lost progress that were never compensated by part of it could be excess honor not carrying over to next quest when quests are completed	Abc
		of all the bugs wish would fix in this game their crappy servers want them to do them most playing battlegrounds and suddenly start getting repeatedly booted from the game now cannot even get past the opening screen billion dollar company servers	Abc
		oh man the gold thing bugs me so much	Abc
		opened packs and did not get long xin am playing on eu if that matters might be bugged	Abc
		patch is live sunken city pre purchase bug fixes full patch notes	Abc
		pilfered power bug	Abc
		played games and the game stoped rewarding me honor for personal quest guess we have bug here plz help anybody else had this issue	Abc
		please fix this bug it is been here for couple weeks know bugs take time to get fixed however this is really bad	Abc
		please help with the current chi ji event we cannot use boons on many tasks due to bugs and heroic is too painful with these limitations please lower the requirements to normal for more players to achieve	Abc
		please retweet another mobile hearthstone bug we cannot see who played who fun	Abc
		please tell me that duel achievements bug will be fixed	Abc
		psa it looks like the golden version of eclipsion illidari illidan battleground buddy is bugged golden buddy reads the first two minions that attack have immune while attacking one attack only however the nd minion to attack did not have immune	Abc

		runescape and hearthstone but he did just start witcher because people kept bugging him about it he is little overwhelmed but he is enjoying himself
		seems like bug team is looking into it
		seems there is bug with the play nozdormu the eternal quest have played games with him in deck and have no progress
		similar to animation time overflow in hearthstone have not played mtg video game in while because they have all been buggy af
		small patch but mighty fixes patch goes live tomorrow standard balance changes battleground updates bug fixes and improvements and more
		so here is fun bug when you start as maestra and transform back into gladiator valeera left your portrait is darker and looks better than when you start as gladiator valeera right where it is bright and washed out left should be all the time
		so many bugs in making my brain twitch that cannot cancel this notification and have not been able to see the tavern brawl for the last month
		so when is this bug gonna get fixed finally should not be too hard
		society if the devs actually fixed the mobile version bugs
		still no fix for the phylactery bug with rustwixx damn
		thanks for raising this bug it is been bothering me for months now find it particularly irksome because it has negative impact on paid cosmetics the portraits in the shop are not washed out over bright but they sure are in game it is frustrating and borderline misleading
		that is because it is been already noted few weeks ago in known issues rustwix bugfix scheduled for patch perhaps that is next week or in two weeks soon tm
		that was doozy finished all the completable av achievements just await bugged mini set dh and rogue ones as well as the card back mystery aaebaa xawsff pqar za aw absf cpighlydks dhuid odlpwnkae kmewkweaa
		the hearthstone bug getting one stuck in the patching window kb has possibly been triggered on my ios device twice believe by disconnecting from and failing to reconnect to game that finished before relaunch assuming the disconnect was not symptom
		there is bug in zereth mortis and characters do not make the animation when they cast like summon mount or hearthstone
		there is bug that crashes the game after duels match as soon as the run is finished it crashes again and you cannot play anymore you just get softlocked on the heroic duels screen it is days for me for some even longer please help
		this bug is annoying and please fix it blizzard
		this is long lived hearthstone bug do not even know how would structure the code to cause this sort of thing to happen
		this play hearthstone have seen the yugioh client and now im seeing ptcgl forget the bugs game not working etc just looking at it this is not product anyone wants to play on and it goes beyond this is beta they said this was ok to release visually
		those bug fixes are greatly appreciated
		thought this card is banned for arena is it bug
		toast found hearthstone bug again wtf infinite damage lmao hahahahahaha
		tony abbott knight scene and take youtuber of them all out hearthstone bugs store but rather my favourite dressed off
		updated special time limited chi ji event for continues bugfixes all tasks toki on vacation future events do not miss out on any important details
		we finally have digital mtg client that feels good and works people wanted magic client that was not buggy and years old they use resources time to add an overpriced cash grab hearthstone lite format instead where is pioneer let me draft with friends fix the economy
		we have updated our main compilation of issues and fixes when this confirmation first became available but this also warrants separate mention to help get the word out bugged quests no more and increased stability all around
		well it seems that cannot hero power hearthstone seems bugged out today
		what can do about this bug tried reinstalling multiple times leaving on the screen for hours nothing seems to work
		when can we expect patch to launch really tired of all these bugged achievements
		when something crashes we dont always know why until we see the device logs even then it can be difficult as devices work so differently android ios huawei tablet vs phone logs go long way to showing the problem and its required for some bugs like crashes
		when this bug fix cannot choose reno fourth tombs of terror
		when you lose but gain rating to cross reward chest threshold you do not actually get the reward chest though the game thinks you did happened to me at last month and again at this month why is it so hard to fix bugs in month
		woke up to only mercenaries at my campfire thought it was bug at first
		world too complicated wanna be bug gimme an interesting one like worm or something
		yeah know but it works with other dr minions that have been silenced so not sure what the difference is and or if it is not just bug either way
		yep had this happen to me times last month and once again this month this bug has been around for long time and nobody even cares enough to acknowledge it much less fix it

		new server side hotfix for hearthstone just got published mainly focused on bug fixes and adjusted armor tiers in battlegrounds	Abc
		parch notes removal of friend of friend bg armor adjustments bug fixes book of mercenaries full completion reward coming at later date my imagination makes me think it is so amazing of reward they need extra time to put it in game	Abc
		patch is getting released tomorrow with bunch of battlegrounds changes and bug fixes friend of friend minion is getting removed and multiple heroes get their armor adjusted read full patch notes here	Abc
		patch is launching now might take some more time on mobile like always it includes wild nerf reverts updates to battlegrounds duels mercenaries arena rotation diamond drek thar lots of bug fixes and more full patch notes here	Abc
		pls fix that bug did not got the ticket it stayed on the minion	Abc
		que no haya nada roto que no existan bugs	Abc
		seriously hearthstone is nuts the lead designer hosts ama every week devs regularly ask for both specific feedback and for general feature suggestions major bugs are caught and timelines are relayed to the community rapidly	Abc
		so one thing love about hearthstone is arena one thing would change is the epic bug thanks for attending my ted talk	Abc
		some good jokes in there fixed bug by restoring damaged venomous scorpoid to full health	Abc
		the armor changes removal of friend of friend and other bug fixes announced last night appear to be live in the americas and europe no download required	Abc
		think chromatic infusion might be bugged	Abc
		think found bug was using this build and the parrot would trigger both the old and new deathrattle example if parrot triggered egg it would spawn and an	Abc
		this bug drives me crazy	Abc
		update on early bugs and issues	Abc
		well this month legend screenshot got wrecked by what seems to be another bug	Abc
		what bug have found	Abc
		what do you think about tyrantus new bug fix	Abc
		what is going on with achievements even buggier than before	Abc
		will miss bugging you about emea hearthstone stuff	Abc
		with this hsreplay card query crimson sigil runner is listed twice is this bug in	Abc
		year of the bugs oh wrong answers only year of the generousness	Abc
		yes we have pointed out this under the youtube video not sure if we have to wait until it gets released to see if it is bugged or blizz will reply but hey it is interesting to see	Abc
		you can tell it is an april fools joke because that is way too quick of turnaround for bug to get fixed in hearthstone	Abc
		you know you could finally fix random bugs like this one also the update on ios is still painful wonder where are all your money pumped into	Abc
		you seem to have introduced bug into tavern brawl the bug basically prevents any fun from being had while in tavern brawl mode back to battlegrounds	Abc

		does anybody can help me with the bug in duels
		does this mean the okay bug in solo runs will be patched
		edit not bug thanks for the reminder guys and shout out to for making fixes like this so there are no broken interactions and only fun games now big
		either fix the known bugs or add report button for the people that abuse the known bugs this person just abused the brann lady turn skip bug
		eta on the tombs heist bazaar bob bug fix the mode has been unplayable for over weeks
		expansion goes live everything is fucking bugged and cannot open or buy packs classic
		figure should say this since am always so vocal when things are buggy but the last few updates have been considerably less buggy all of the achievements were
		completable this time around and the communication on the updates has been on point good job
		fix the game and your staff so many bugs and change buying packs for gold times clicking this buggy button it takes hour after fucking years uninstall and play
		hearthstone again
		fix the gamebreaking nellie bug when played it grants free win freezing opponents game
		fix your buggy ass game people should not just be froze then come back to their turn being skipped
		for hearthstone bug reports should be made through the forums this way they can get the problem escalated further and others in the community can add more
		information or comments
		former hearthstone player found it great to be able to trade his cards freely and to really own them if bugs and too long animations are fixed will continue this beautiful
		adventure with you for long time
		friend of mine does this and yeah nope one example of such issues is hearthstone at some point in the tutorial you will just get stuck it very much looks like an
		accessibility mod bug but it is actually lack of monitor bug
		fun de perdre un match sur un bug impossible de cible le hero aprs avoir activ le passif de la carte filet barbel
		glugg is bugged after the new patch and there are like different cards that doesnt let it gain stats think its simple fix proof
		good folks could you sort this bug out please it is driving me insane it seems like the game is frozen when turn finally ends my opponent has already killed me off
		got almost all hordies done and then it is alliance time they seem to have fixed the hearthstone bug you can use the toy one and still get the achievement
		got this bug too and confirmed that it is from this colossal
		greetings travelers seems like our favourite dinotamer does not get along with the underwater queen brann queen azshara triggers bug does not allow to keep with the
		match not first time having this issues belive you already working on this thanks It
		had the barbed net bug cost me game so join the club it is not fun
		has anyone else encountered bug playing mobile where your opponent is about to play card and then the game just soft crashes like the board was still interactive same
		with voice lines and could even see the other player trying to click other parts
		has anyone iver at picked up on any shop bugs in game have been on mobile since launch could not get in till day after amd down again now
		hearthstone brann bronzebeard and queen azshara bug that causes game to freeze or crash gets acknowledged

참	hearthstone_4th_patch	hello hope your doing well wanted to report bug with the combo brann queen azsahara that blocke from finishing my turn its really disruptive have good day
		hey as man in the know are you aware of bug on android that causes you to miss your turn if opponent ropes while selecting pirates for nellie
		hey can you fix your sound bug when swap my audio device or you can hire me and ill fix it remote
		hey hs friends is there bug on pandaren importer in my deck builder is says mana but when draw and play it is mana and has more stats unless am missing something here lol
		hey is it bug on na region in hearthstone when message friend and the messages appear on second or two delay dont have that issue on eu region and was wondering if it is client related or region related
		hey just had an opponent play nellie against me and it bugged out while they were choosing then lot of arrows were being drawn but it still showed as their turn and then the game skipped my turn for the rest of the game please fix this
		hey the interaction between brann queen azshara has been bugged since the expansion launched after the first battlecry triggers the second one will too but the option to choose relic will not show up on screen only showing if you reconnect to the client
		hey when to resolve nellie bug what makes you skip the turn
		hey where can talk to someone found huge bug affecting standard fear it breaks the game
		hey why does kazusan work with an empty deck seems like bug
		hi find video of mercenaries farm bot which describes what is coming in the next release will impact your configurations release date maybe april if no bug found
		hi have been trying to use the pen on my galaxy tab lite while playing hearthstone evidently there is bug that doesnt let it work in game since late do you know if the team is aware if fix is going to be implemented
		hi is this bug
		hi was playing curse warlock and my curses helped the hunter to finish his quest is this bug cuz he defeated me thanks to my curses
		how are we this far into the expansion and this bug still has not been fixed yet
		how do report bug
		how do submit bug report for tomb of terror the okay button no longer works
		how is it that you failed to fix known bug for over two years your customers are unable to use your service and you do not give shit hearthstone mobile connection fix it
		how many games need to lose vs nellie bug and sir finley sea guide bug till you fix the freeze game still in beta
		if you play bran and queen azshara the game freezes you do not see the rope anymore and after while the game just continues with enemy turns nasty bug
		is it possible to fix once and for all the bug where you cannot play when the other player plays nellie please am fed up of losing without being able to do anything because of it
		is there bug with murky pufferfisher ability have yet to see the deathrattle damage more than enemy even though it says
		is there chance that achievement xp is extended to the end of the hearthstone year end of the following expansion cycle with limited time mercs bgs foaf and duels opportunities have never felt more like have to catch up on stuff bug difficulties make it hard too
		is there known bug when playing on mobile with colossus played by opponent locking up the game had it happen to me twice where it looks like opponent is afk but in fact he was playing his turns and could not see mine
		it is happening in top legend and pretty much everywhere in wild they have helped wild before by banning demon seed banning stealer nerfing hysteria because of triller otk banning sphere due to bug so yes they will they also soft confirmed changes lol
		it is live on mobile open but have bug
		it is time to voyage to new depths patch goes live tomorrow rise of the naga zoth comes to mercenaries bug fixes and improvements and more
		je me suis pris un bug de espace sur hearthstone je vais cabl bordel de merde comment on report un bug blizzard svp
		just had an enemy stay on the rope for minutes then play turns worth of actions in row good thing there are no bugs in
		just lost due to your brann nellie bug you can see the game log want that star back
		just played game and my opponent somehow managed to have turn in row and could not do anything do not know if it is bug or something
		know some people say they hate origin but been getting more addicted haha can see the potential reminds me of my yugioh and hearthstone days more work is definitely needed but the team is working hard to fix bugs and improve the game
		known bug we are all desperately waiting on that first patch of the expansion
		lady theno is bugged right now because she counts armor as health too both cards should not take armor into account since they specifically state health in the card descriptions would assume that it will get fixed in future patch
		major bug in the game when you play brann into queen azhara it breaks the game cannot click on or play anything literally breaks it does not even activate the second battle cry
		makes too much money to be this damn buggy
		mercenaries is unplayable on ipad you cannot manage your parties the ui keeps bugging out how tf does this make it past qa
		morning gallery today where is intendogs wizard just hearthstone bugs story tomorrow morning on dragon ball

team is working on balance patch read more</p> <p>new server side hotfix is just rolling out for hearthstone including multiple changes pandaren importer change full dust refund offered battlegrounds changes duels changes bug fixes and game improvements</p> <p>no bug fixes sadge</p> <p>no se si ya se sabe esto pero al jugar estas dos cartas juntas el juego se bugea no te deja hacer nada xd</p> <p>not shocked to see achievements bugged yet again if you unlock an achievement say level one in mercs claim it in recent then unlock an equipment achievement updating recent you cannot claim the new achievement without refreshing the screen</p> <p>not sure where to send this but barbed nets is currently bugged on mobile if you kill the only minion on the enemy field you cannot target their face or anything and have to wait for your turn to time out has happened more than once so its not one time thing</p> <p>oh so no zoth event and bug fixes</p> <p>ok barbed nets bug fixed ok ok that was the game big problem ok ok but did you ever try to cast piercing shot into mo arg for healing the warlocks it is fine try it and fix the problem but think it is too late</p> <p>ok this has to be bug right because swear clicked on their face not mine</p> <p>okay am dumb because cannot see the bug</p> <p>one thing that love doing in hearthstone is replaying the solo adventures unfortunately am currently having issues and not sure if it is known bug but cannot get past the bob tavern sections because the button to remove the help message does not work</p> <p>only bugs so far have encountered in hs is still the chat being bit delayed in na and friendly challenge games automatically cancelled after match is done when neither of us has cancelled the match yet</p> <p>patch is launching later today on top of the previously announced standard and wild nerfs bans we are also getting some battlegrounds and duels balance changes bug fixes check out full patch notes here</p> <p>patch is now live on pc just like always mobile release might take some more time the update contains balance changes for standard wild battlegrounds and duels as well as some bug fixes check out full patch notes here</p> <p>patch next week with balance changes and nellie bug fix yeah good thanks</p> <p>play hearthstone on chromebook so go through the android app store and hs still has not fixed bug where you cannot access your achievements the game just freezes</p> <p>please fix bug where buying items from the in game store results in error want to give you money please oh my god ple</p> <p>please fix the nellie the great thrasher bug wherein after it is played the opposing players lose their next turn</p> <p>please read the bug report about nellie the colossal card is bugged have posted clip about it in the topic it will be linked here too thank you</p> <p>rather than making useless tweets can you fix your fucking game this is full of bugs</p> <p>right what happened to the bug fixes and improvements and the event boo</p> <p>se nem livre de bug imagina os jogos eu fao</p> <p>searched for my extra cards in set that rotated to wild started to disenchant did not warn me when had only remaining and disenchanting the entire stack had to recraft to keep my wild collection complete please pass the bug along</p> <p>seeing bugs in the tournament should be embarrassing to your team</p> <p>shibashi diabetes dogecoin unnatural turd makeup hearthstone amelie felicity poo endorse litecoin cry tea tree hypnotherapy the souvenir dog poo have mice dextools husky bug flies gabriela mistral diarrheic farted place to pitch yogur bad diarrhea headache</p> <p>since the bug report forums seem buggy it is storytime picture it playing duels use shadow step on lei flamepaw on my turn and it triggers the opponent emergency maneuvers sending my lei dormant and nothing to hand confusing us all</p> <p>so am playing in wild it does not appear that professor slate counts for the an acquired taste achievement is this intended or bug</p> <p>so is this bug just played lich tasmin and did not draw any imps then played sir finley sea guide but instead of summoning the imps they were drawn as cards in my hand should they have been summoned</p> <p>so why is paladin still bugging out in wild on mobile using ios have to exit out the game after each match only with pally already uninstalled and reinstalled</p> <p>spotted funny bug in where if you play mask of mimicry on killmox while having jeklik in hand this cool interaction occurs havent had the occasion to play the card before my opponent conceded so cannot know if the card how the card works tbh</p> <p>started playing ramp druid in the latest hearthstone expansion bugged out of the game games in row bcs cant small indie company cant handle brann into azshara thanks</p> <p>thanks for exploiting hearthstone so much so that they considered it bug fix and nerfed the card pre launch</p> <p>that made my day better thanks hearthstone bugs are always hilarious</p> <p>the bobs tavern bug persists</p> <p>the bug can be reproduced and used as an exploit putting out bran and azshara afterwards freezes the game for both it seems after one chooses azsharas first relic the second it is chosen you cannot do anything after restarting you can choose the second relic</p> <p>the effect of this card says deathrattle spit them
